**Cc:** \_RegStaff - Complaints Distribution Group  
**Subject:** right to ride

Hi—I think there should be as many opportunities as possible to provide safe transportation where people are not tempted to drink and drive because Taxi cabs are not readily available or plentiful in Greenville SC. Our local taxi system is not large enough and wait times are too long therefore people make bad choices to “not wait” and drive themselves. Also- there are never taxi's readily available at GSP airport. I fly often and confused business travelers are wondering where the cab line is only to find out that there is only the one car service and there is a wait time & also may need to be shared rides whereas they are not taken directly to their destination. Either we need to employ more cab companies to handle the demand & need or find a way to regulate or support UBER.

Thank you,  
Eve Thornton
